## NEW DOCUMENTS

We've updated our insurance documents. Along with your renewal invite you received a new 'Insurance Certificate'. This new document gives you an overview of your cover and information we hold on you and your pets.

We've also replaced our bespoke policy wordings documents with a new handbook. This can be found in My Account.

The new handbook is a brand-new document. It was written and designed from the ground up. Many of these changes won't affect your cover. However, as you read through this letter, we'll highlight areas of your cover that have changed, including where new exclusions or conditions have been introduced.

## CHANGES TO YOUR COVER

These are changes we've made to our policy wording that could affect your cover and how you use it.

### Legal claims against you or your pet (section 3.7)

- We've updated this section to clarify that this cover section is only available for incidents that happen in United Kingdom, the Channel Islands or Isle of Man. This means, the Travel Cover under your policy doesn't extend to legal claims.

### Cover to help when you have to say goodbye to your pet (section 3.4 Farewell)

This part of the policy helps you to cope with the financial costs of giving your pet an appropriate goodbye. We've increased the cover limit from £150 to £300.

### Pre-existing conditions

- We've updated our pre-existing conditions definition.
  - We've added 'signs or symptoms', and anything that happens during a waiting period, as characteristic. These new wordings will not affect your pets if they've been on cover for at least 12 months. As your policy is renewing, any pet that has been on cover for a minimum of 12 months at the time of renewal will not be affected by these new wordings.

**See next page for a copy of the old and new wordings.**

Old wording	New wording
<p>When we say “pre-existing condition” we mean anything your pet has had treatment, medication or advice for in the last 24 months. We consider advice to include anything a vet observed and recorded in your pet’s clinical history.</p>	<p>We define pre-existing conditions as:</p> <ul style="list-style-type: none"> <li>• Anything your pet has had treatment, medication or advice for in the 24 months before your policy starts.</li> <li>• Any condition that showed signs or symptoms in the 24 months before your plan policy starts and didn’t receive treatment, medication, or advice.</li> <li>• Any illness or injury that shows signs or symptoms and/or receives treatment, medication, advice during a waiting period (5.2 Waiting period).</li> </ul>

(Section 5.7. Definitions)

## Other changes

- We’ve introduced a new cover section for conditions that can affect both sides of the body (also known as ‘Bilateral conditions’). See section 3.1.
  - As you’re renewing your policy, this new cover section won’t affect you. However, if you add a new pet to your policy before you received your latest renewal invite, this new cover section could affect that pet. If your pet received treatment for one of the conditions listed below before being added to the policy, you’ll need to wait for 12 months from the date the pet was added to the policy before we could cover treatment for that condition on another limb or other side of the body.
  - We define bilateral conditions as:
 

▪ Hip and elbow dysplasia	▪ Otitis
▪ Luxating patella	▪ Cherry eye
▪ Cruciate ligament damage	▪ Entropion

- If you have our optional Passing of Your Pet cover: We won't pay if your pet is put to sleep due to behaviour issues and/or aggressive behaviour. See section 3.2 and 3.3.
- If you have our optional Missing or Stolen cover: In the event your pet is stolen you must obtain a police reference number, and if your pet is lost or stolen you'll need to notify your vet. See section 3.4.
- We've updated our Dental cover. We've added a new exclusion stating we will not cover dental treatment if you don't follow you vet's recommended treatment within 6 months. See section 3.1.
- We've introduced a 6-month waiting period (from the policy start date) for our Pregnancy cover. This change doesn't affect you as you're renewing your policy. However, if you've added a new pet to your policy before you received your renewal invite, you'll need to wait for 6 months from the date the pet was added to the policy before we could cover treatment under this cover section. See section 3.1.
- We've updated some of our definitions.
